ii. **Track 2: Advanced Operational Exercise**

This year NCIIPC has introduced two parallel advanced level operational exercises on IT and SOC themes. This is a 3 day program aimed at participants who have sufficient knowledge and skills in IT (Data Centre, Cloud operations, IR Team, Threat Hunting team etc.) and SOC related work. Both these advanced exercises will be held during 18-20 Apr 2025 simultaneously at New Delhi and Mumbai. This would help organisations and their Cyber Defenders to beef up their skills to defend against the latest and most sophisticated threat scenarios.

iii. **Track 3: Strategic Exercise**

A 2-day long exercise for Senior Management level officials (Viz. CISO, CTO, CRO etc.) of Critical Sector Entities dealing with Cyber Security related issues and policies will be held during 19-20 Apr 2025 at New Delhi.

2. These exercises have been designed to provide your officials a unique opportunity to assess and improve their cyber defensive skills and facilitate exchange of best practices among the peers.

3. You are therefore requested to nominate officials from your organisation for participation in CII SECEX 2025 based on the slots in each track allotted to your organisation (details given in attached proforma).

4. Details of nominated officials may be forwarded to this office by 27 Mar 2025 in the attached proforma. As slots for the above-mentioned exercises are limited, selection of officials will be on first cum first serve basis. Absence of nominated officials may be avoided to prevent wastage of premium national level training resources.

With warm regards -

Yours *Sincerely,*
Navin Kumar Singh
